**Re: Letter of Reference for KeelowCraft Boats,**

Fraser River Safari is a year round jet boat tour operation based in Mission B.C. Canada. The Company operates 364 days of the year. The custom built jet boat was manufactured by KeelowCraft Boats in 2005 and has been working full time since it arrived in B.C. in May 2006.

To look at the boat today one would never believe that it is now over 4 years old and has been used to transport well over 5000 passengers in a commercial setting. Both the interior finishing as well as the exterior have remained in excellent condition which impresses everyone that has boarded it.

When it comes to performance the "Safari boat" out performs every jet boat on the river. At 26 feet, with 22 passengers or board, it can run shallower and handles better than the other commercial or recreational boats on the Fraser River.

On a personal note, Jo-Anne and I, can not tell you how happy we are with our decision to have Dwayne and his crew at KeelowCraft build our first commercial jet boat. In the future we plan to add additional boats to our operation and without a doubt we will use KeelowCraft to complete the fleet.

Please feel free to contact me anytime if you have any further questions.

Sincerely,

Rob Chadwick  
President, Fraser River Safari Ltd.

RC/jc
